Program Action – Logic Model

Situation

Needs and assets

Symptoms vs. problems

Stakeholder engagement

Priorities

Consider:

Mission

Values

Mandates

Resources

Local dynamics

Collaborators

Competitors

Intended outcomes

Inputs

Outputs

Activities | **Participation**

Outcomes – Impact

Short Term | **Medium Term** | **Long Term**

What we invest	**What we do**	**Who we reach**	**What the short term results are**	**What the medium term results are**	**What the long term results are**
Staff	Conduct workshops, presentations, panels	Administrators	Learning	Action	Conditions
Time	Deliver services	Faculty	Awareness	Behavior	Social
Money	Develop products, resources	Staff	Knowledge	Practice	Economic
Research	Train	Students	Attitudes	Decision-making	Civic
Materials	Advocate	Internal and	Skills	Policies	Environment
Equipment	Promote partnerships	External	Opinions	Social action	
Technology	Evaluate	Partners	Aspirations		
Partners		Community	Motivations		

Assumptions

External Factors

Evaluation

Focus ** Collect Data ** Analyze and interpret ** Report
